# About Us

Get Place is the growing online job portal where candidates can find their dream jobs and organizations can find their potentials human resources. Get place is founded by Mr. Piyush Kumar Goel in 2017 to reduce the problems which organization are facing while recruiting candidates for their company/firm.

Now a days where there are lot of vacancies and candidates as well still companies finds it difficult to hire a candidate which suits the most to company. We are here to fill the gap. We understands your requirement and search the candidates as per given job description. We won't let you indulge in frequent interviews. Our ratio is best in industry.

We are a team of young and dynamic Chartered Accountants We are helping companies to recruit experienced and fresher chartered accountants and semi qualified chartered accountants.

# What We Do?

Get Place provides you complete recruitment solution along with this we provides trainings to your employees in the field of Accounting, GST and other financial areas. We also outsource candidates to various companies and firm on requirement basis.

We gather your job description and find candidates accordingly. We won't let you indulge in frequent interviews with candidates. We'll provides you only relevant candidates so that both you & candidates can save time and resources.

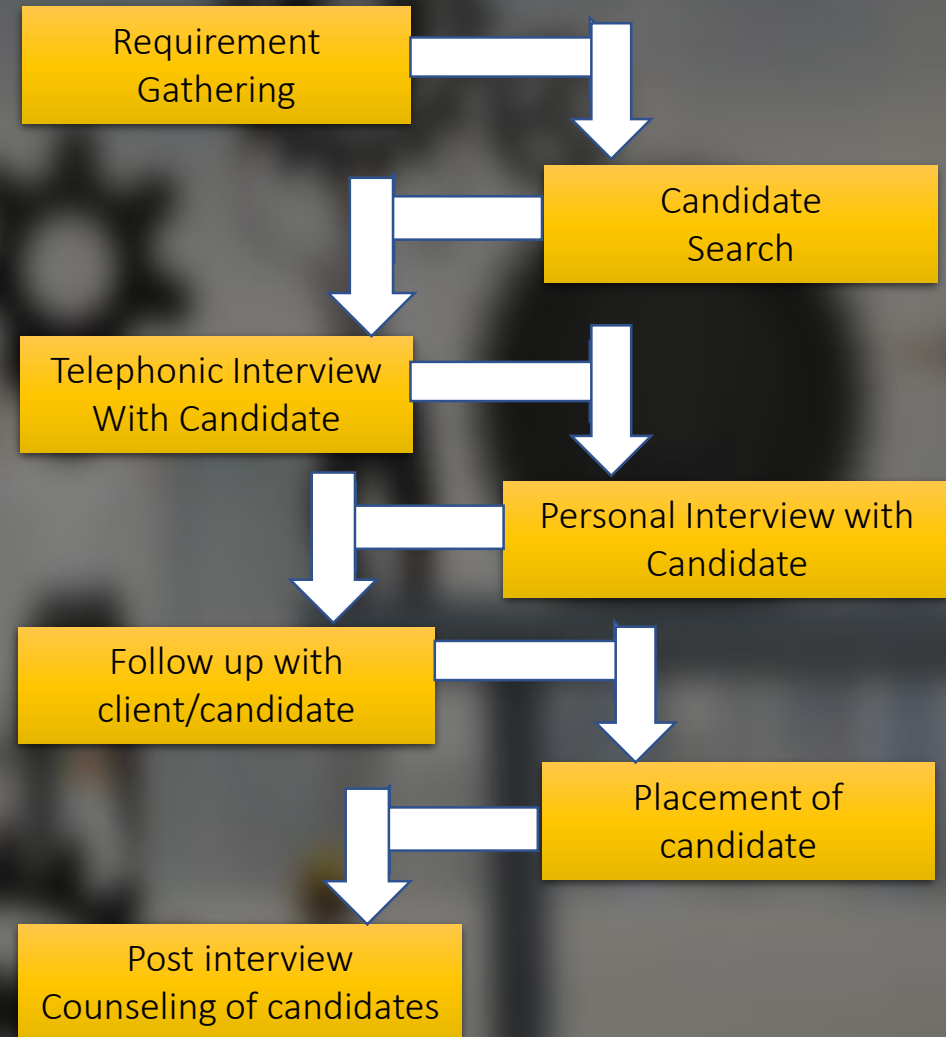

# Process

Unlike traditional recruitment consulting firms we have a unique and defined recruitment process that we have developed considering the need of industry and today's environment where companies are involve only in interviews even after paying huge amount to consulting firms.

## Our Process

# In house Screening of Candidate

Our USP is that we do “In house screening of candidates” in a unique and defined procedure.

We keep on calling each and every candidate in our database, for personal interview in which the expert of desired field of the candidates interviews the candidate and screen him critically. After successful screening of candidates our expert guides the candidates about their strength and weakness so that candidates can work on them and improve their selves and get the job easily.
